Beauty that's *true to the touch.*

The new Caesarstone porcelain collection

caesarstone®

Enjoy life's layered *nuances.*

The new Caesarstone porcelain collection.

In a bold celebration of tactile beauty, Caesarstone's new Porcelain Collection invites you to forge true connections and feel at home in the present. Using advanced technology to craft visual and textural richness, the collection is revolutionizing countertop topography, offering tactile depth alongside stunning designs.

Crestone

Surfaces for *indoors and outdoors.*

High-performance surfaces that seamlessly merge indoor and outdoor functionality.

All our porcelain surfaces are crafted for superior durability, beauty, and extreme heat resistance. Designed and tested to withstand strong sun rays and frosty weather, these surfaces create the ultimate multifunctional space for cooking, dining, and entertaining with family and friends.

583

Crestone

A creamy taupe base with swirling translucent veins in beige and white, creating a delicate feathery effect of natural elegance.

509
Onyxa

The new Caesarstone porcelain collection

Surfaces for Indoors and Outdoors

509

Onyxa

Wavy layers of warm white and beige hues,
accented by bright white and golden rust,
create a dynamic, naturally flowing texture.

545

Fossillia

A delicate mix of white swirls and fine veins on a soft seafoam base, exuding natural elegance.

545
Fossillia

Caesarstone's *Sensorial Tech™.*

Advanced technology allows us to take textured, sense-stimulating surfaces to new heights. From interpretations that echo natural stone topography to expressive tactility that recreates the feel of oxidized metal, we are celebrating life's beautiful imperfections.

Sculpted

Tantalizingly unique, the Sculpted effect complements surface veining with shallow grooves that merge to form textures that are surprisingly tender, echoing the subtle influences on natural stone.

Luster

Evoking the unrefined wonder of natural stones, the Luster effect enriches surfaces with heightened tactility. Elevated veining creates an uneven texture that gratifies the senses.

Solutions for flooring and cladding

Solutions for *flooring and cladding.*

Our large-format slabs redefine what's possible for flooring and cladding. Engineered for continuity and precision, they enable seamless surface designs with lasting performance, indoors or out.

513
Striata

A smoky grey base with an earthy presence and fine dark veins, emphasized by patina stains, rusted silt, chalky-white streaks, and burnt orange markings.

Harmony at *home*.

Introducing stylish surfaces throughout the home transforms every day into luxurious living. Our 12mm designs are now also available for flooring and cladding, see the technical guides for more information.

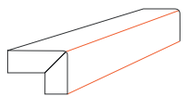
Lifetime warranty

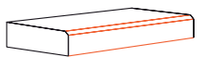
Each of our surfaces is carefully inspected to ensure that it meets the highest level of international quality standards, and is backed by professional customer service and support. For added peace of mind, Caesarstone products come with a lifetime Residential Warranty. Visit caesarstoneus.com/warranty for more information.

Classic edge profiles

Every Caesarstone slab comes with a standard engineering cut, ready for experienced fabricators to manufacture the surface to your specifications after cutting the perimeter. The edge profile of your surface can be custom designed by any fabricator in a variety of thicknesses to inspire your design. Choosing the right edge profile for your specific design style and aesthetic adds the most important finishing touches to your surface and optimizes your design.



Mitred



Eased

Our slab sizes

Caesarstone Porcelain surfaces come in one large-scale size for a seamless kitchen experience.

Thickness	Standard Slab Size	Weight
12 mm	124.5”x 61.5” / 53.17 sq ft / 3200 x 1600 mm	331-353 lbs / 150-160 kg
20 mm	124.5”x 61.5” / 53.17 sq ft / 3200 x 1600 mm	540-562 lbs / 245-255 kg

Long-lasting finishes

To bring out the best in your design, we offer a variety of finishes which protect and guarantee their long-lasting durability and beauty without the need for sealants or wax.

Honed

Smooth to the touch and gentle on the eye, this finish adds a delicate sophistication to the surface. Soft, organic, matte, low-gloss luminosity.

Silk

This finish covers the surface in a shimmering overlay. The light glides softly over the stone, creating a luxurious appeal that adds a dimension of softness and comfort.

Ultra-Rough

Inspired by the tactility of rough stone, industrial metals and concrete, this finish reinforces the organic nuances of the stone. With a distinctive granular feel, it guarantees high durability and care.

Stone

Tenderly tactile with a pleasant radiance, this finish has the soothing touch of a semi-smooth stone. Its appearance is that of a weathered rock, which comforts in a genuinely authentic way.

In-Sync technology

In-Sync Technology creates seamless design continuity across body, surface, and edge, by blending pure raw minerals of varying grain sizes into each porcelain slab.
